Three automobiles made the trip from St. Louis Saturday evening, returning next day. The roads are reported as being in good condition.

A gang of men were put to work on Arcadia Heights Tuesday morning fixing the roads and getting the grounds in shape for the Assembly in August.

Miss Maurine Barnhouse, aged ten, had a birthday party last Friday, with an attendance of sixteen. They had a good time, and Miss M. received many fine presents.

Prof. Daugherty has, as yet, not received his commission as postmaster, but is expecting it every day. The new Democratic postmaster at Greenville took charge June 1st.

R. W. Ayres and wife of St. Louis county are spending a few days at their home on the mountain side. Mr. Wilcox and family of St. Louis will occupy the place again this summer.

The Women's Home Mission Society will meet at Fort Hill Church, June 13th, 1913. Subject: Gleaning from the Conference. All members urged to be present. Visitors always welcome.

Dr. H. H. Piper, Registered Veterinary Surgeon, is now located at Ironton, Missouri. Treats all kinds of diseases that stock is subject to. Calls answered night or day. Phone 176, Sutton Hotel.

A. J. Sheahan has been appointed postmaster at Graniteville vice W. R. Allen, Jr., resigned. Mr. Sheahan was in Ironton Saturday fixing up his bond and will probably take charge in a week or so.

Chas. Madlinger of Granite City, Illinois, spent a couple of days in Ironton the first of the week, greeting old friends and acquaintances. Charlie says he likes Granite City very much and is doing well there.

Miss Myra Elizabeth Ake graduated with honors in the Magnolia, Arkansas, High School, Wednesday, May 21st, 1913. The young lady's many friends in the valley will be pleased at this announcement and offer congratulations.

Rev. Mark Whitney, evangelist, of Newton, Kansas, assisted by Fred Geitz, Jr., song evangelist, and Mrs. Fred Geitz, Jr., organist, of Ellington, Mo., will conduct a series of meetings at Poplar, Bluff, Mo., beginning Tuesday, June 17th.

To Miss Lillie Belle Bishop the editor is indebted for an invitation to the Commencement Exercises of the Missouri State Normal School at Cape Girardeau, June 5th. Miss Bishop is a member of the Senior Class. We extend our best wishes.

Mrs. Wm. Trauernicht sustained quite a severe fall last Friday. She was standing on a chair doing some cleaning, when the chair tipped over and threw her down a stairway. Fortunately no bones were broken, but she was bruised considerably on the neck and shoulder.

Mr. O. W. Ramsey, of Bismarck, was here Saturday in his automobile, bringing with him two of the Bismarck "boys," Jesse Harrel, aged 96, and Jack Eldson, aged 86. They enjoyed the trip immensely and were warmly greeted by many friends and acquaintances.

It is dry, very dry, and we are needing rain badly. From what we learn we are not quite so dry here in the valley as other sections near. But we are very dry, all the same. There was a slight rain Tuesday morning. It was all right as far as it went, but there was not enough of it.

U. S. Grant Post, G. A. R., No. 579, and U. S. Grant W. R. Corps, No. 160, are preparing for an appropriate celebration for Flag day, June 14th. This celebration will be a basket picnic, to be held at Social Lane Grove, west of Ironton. The program will include addresses by able speakers, and music suited to the occasion. Announcement of the complete arrangements and program will be made next week.

Miss Mabel O'Neal, daughter of Mr. and Mrs. J. A. O'Neal, of Ironton, Mo., remembers the editor with an invitation to the Commencement Exercises of Lindenwood Junior College, St. Charles, Mo., June 10th. Miss Mabel is, indeed, a most beautiful and charming young miss. We congratulate her and wish her all success and happiness.

At a meeting of the city council Monday night the Marshal was instructed to notify all parties who had failed to build granite walks as suggested by the council in the resolution passed more than a year ago, to do so at once. This is final warning, and if the walks are not built immediately the council will enact ordinances compelling the same to be done.

At the meeting of the G. A. R. and W. R. C. it was decided to observe Flag Day which occurs June 14th. There will be an interesting program consisting of music, speaking, etc., at 10:30 A. M. At noon a basket dinner, and the afternoon devoted to picnic. This will be held at Oren's Park, one mile west of town. Everybody interested in patriotic work is invited to attend.

Some one entered the house in Pilot Knob, formerly occupied by A. J. Myers as a residence, and stole a number of articles therefrom. Mr. Myers vacated the place about ten days ago. The burglary was not discovered until the latter part of the week. Just when it was done is not known. The thieves made a clean sweep, taking everything that was loose. A violin was among the articles stolen.

The well on Arcadia Heights Saturday evening was 491 feet deep with about two hundred feet of water. Enough water is now in sight to insure a bountiful supply of water for drinking purposes during the coming Assembly. But the driller is still going down in the hopes of an abundance of water for all purposes. His contract calls for one thousand gallons of water an hour on a two days' test. We hope he will get it. The cutting is some easier than it was, and the drilling goes on more rapidly.

Mr. DeWeese, the picture show man, will inaugurate a fly killing contest. To the boy bringing the greatest number of dead flies to the Academy of Music office, for the week ending Wednesday, June 11th, will be given a prize of one dollar; two second prizes of fifty cents each, and a third prize of fifty cents worth of picture show tickets. Take your flies to the box office every afternoon at 2:15 o'clock. They will be counted on the basis of 1600 flies in a quart. Picture show every night but Sunday.

While coming home from St. Louis the other evening, we met Dr. W. E. Harrel, of St. Louis, who, with his little boy and girl, were on their way to Bismarck to visit relatives. Dr. Harrel is another of the Iron county boys who has made good. He has been located in St. Louis eleven years and enjoys a large and growing practice. And he is a most excellent gentleman. He informed us that his grandfather, the venerable Jesse Harrel, at the age of 95, who lives with Mr. J. W. Harrel, at Bismarck, in excellent health.

After an unusually cool May, with the nights positively cold, and coats and fires essential to comfort, a sudden change came last Wednesday, and the mercury in the thermometer climbed into the nineties. Four or five sweltering days and nights followed. It was an awful siege and all the more disconcerting because of the low temperature that had immediately preceded. Saturday was the hottest day, the thermometer registering 97; Sunday it was not so high by one degree, and Monday was a half dozen shy of the high point, but it was still warm. Tuesday morning, though, there came a gentle rain, and the breezes cooled the air.

Walter Schmalz, Vice President of the Ironton Bank, Ironton, Mo., found an old bill in one of his abandoned pocket books, last Monday. He promptly turned the same over to Cashier Eaton, and it is now on display in their banking rooms. The bill is a patent design of April 23d 1860, and bears the old date of August 1862, number 35477. The bill had possibly been in the book for several years, and Mr. Schmalz thinks he received it several years ago at a picnic in Ironton. This bit of currency has been examined by a number of patrons of the Ironton Bank, and several have expressed the desire to present to the Cashier an elder bill than the above.

Dr. Will Kerwin and Miss Marie Stromberg, of St. Louis, were united in marriage at the home of Dr. Kerwin's parents, Mr. and Mrs. J. A. Kerwin, in Arcadia Sunday morning, June 1, 1913, by Rev. L. C. Wernert of Arcadia College. Dr. Kerwin and his fiancée arrived in the valley on the evening train Saturday. He had notified his father to have the license ready and the ceremony occurred the following morning. It was not an elopement, just a desire to get away from a "well wedding." The bride is a beautiful and attractive young lady and belongs to one of the most aristocratic Jewish families in St. Louis. Dr. Kerwin is a most excellent and worthy young man, who has spent most of his years in Graniteville, but has been practicing medicine in St. Louis since he graduated. Long life and happiness to him and his beautiful bride.

Decoration Day was observed by U. S. Grant Post and W. R. C., No. 160. Two packs carried the people from town to Pilot Knob cemetery at 9:30 A. M., where first services were held at the grave of Comrade Cook. At noon, a bountiful dinner was prepared and served in Post Hall. At 2:00 P. M. all proceeded to Ironton cemetery where all soldiers' graves were decorated. Comrade Luthy, who ably assisted in the ceremonies last year, was this year, one of the silent ones, having passed from us to the Great Beyond, and we miss his pleasant face. Rev. Butler of St. Paul's Episcopal Church delivered a very fine address, his words being exceptionally well chosen. Rev. Kirkman of Ironton M. E. Church gave prayer and benediction. The life and drum corps furnished music. Mrs. St. Louis played the funeral marches and songs with the cornet. A good many people attended the services. The improved appearance of all cemeteries showed much work having been done. X.

A few minutes before one o'clock Tuesday morning the two story frame building on main street, across the street from Geo. Schultz's, occupied by C. W. Miller as a restaurant and residence, was found to be on fire. The discovery was made by Mrs. Miller, who awakened her husband. The sleeping rooms were on the second floor. Mr. Miller attempted to raise a trap door leading to a stairway and smoke and flame poured into the second story. He saw that escape that way was impossible so he rushed to the front of the building, got on the porch and grabbing his little boy jumped to the ground. By this time the alarm had been given and Mrs. Miller and the little girl got to the ground by going down a ladder. All were in their night clothes. A couple of young men, Ollie Shular and Guy Little, boarding at the place, did manage to get down the stairway, but they went through fire and smoke. Ruby Hughes, who was employed in the restaurant, had a narrow escape. The discovery was made just in time, for the occupants of the building had been out for a minute or two before the floor fell. It at once became apparent that the Telephone Exchange Building, also frame, and but a few feet away, was doomed. Two switchboards and other telephone paraphernalia were carried out of the second story, and much of the stock of Frank Negim, who conducted a store on the first floor, was removed to a place of safety. There was fear for a while that the flames would be communicated to the old Begley residence on the north, but it was a still night, and by hard work that structure was saved. Had there been a high wind the loss would have been much greater. Mr. Miller says he is unable to account for the origin of the fire. He closed the restaurant about 10:30 o'clock Monday and everything seemed to be all right. He had \$900 insurance on his stock and furniture. Nothing was saved. The building was the property of Mr. W. T. Gay who had \$1000 insurance. The telephone structure was the property of the Baldwin Bros. whose insurance amounts to \$1800. Negim, the merchant, had no insurance and says his loss is \$1200. Of course, the fire put our local telephone system out of commission, but the Messrs. Baldwin tell us that they hope to resume service in the course of a few days. Just when they can not tell, though, until they confer with an expert cable man who will be here today. The restaurant building had been there nearly forty years, and was originally built as an I. O. G. T. Hall. The telephone building was erected in 1903.

Notice.

We would be interested in hearing from our customers in regard to day service; also parties contemplating the use of motors.

A Thousand at the Baptist Assembly.

Look at these figures:

1909	260.
1910	428.
1911	643.
1912	880.

These figures show the attendance at the Assembly since we discovered Arcadia Heights. What do they say about the attendance at the next Assembly? They say plainly this: 1913, attendance 1000.

There is nothing to cause a falling back in our numbers. Perfect harmony prevails. No unfortunate thing has happened. The Baptists of Missouri need the Assembly more now than they ever did. We have the best program yet offered. The Assembly is more widely known than ever before. We have better accommodation in railroad rates. The Arcadia Valley has added attractions. The people of the Valley are eager to help. Our Assembly plant has new improvements. The management understands better than ever how to take care of a large crowd. The conviction is strong in the Board of Managers that the Assembly is one of the greatest blessings that ever came to Missouri Baptists.

All these are potent reasons why we should look forward to a thousand at Arcadia Heights in August, 1913. Now there are some advantages in making our Assembly larger. The program of classes and lectures will work out better and larger numbers. It will give us the assurance that all of the classes provided for this year (and there are more than ever) will be filled up. Large attendance at the lectures and conferences will add to the interest and move those who lead them to put forth their best. Larger number will be a guarantee of larger improvements in our Assembly grounds. A big attendance will encourage the railroads to continue to favor us with low cost of transportation. A big Assembly this year will bring us one step nearer to what we all wish for the creation in Missouri of a great center of spiritual influence and efficient management for the work of the kingdom, which shall be to our state what North Field and Lake Geneva and Silver Bay and Palacios have been to the country which they have blessed.

Now for the doing off. We need a band of Assembly Boosters. We need them everywhere over the state of Missouri, and especially in the neighborhood of Ironton. Who are going to help get a thousand people for Arcadia Heights this summer? Send me your names if you want to help and I will enroll you among the boosters. Tell me how many copies of our new Assembly folder you can use. They will be ready for distribution soon.

Des Are Items.

We are very dry; meadows are gone, and potatoes and gardens are suffering.

I see in the Republic that an army of grasshoppers, five miles wide and eighteen miles long, are invading the southern part of Texas, going toward Mexico. I hope they will go on over and eat up those fighting Mexicans.

Our mines are going ahead. They are expecting another boiler and an air compressor to run the drills. They now have out about 60,000 lbs. of ore. All that is good is separated and weighed. We are looking for the oil, floors of the company to be here this week. Superintendents Moody and Hardy went home to Flat River Saturday, expecting to return Sunday.

A Costner shipped a fine car of hogs from here last week. They brought him \$8.35. Mr. Costner lives in Wayne county and is one of the biggest farmers they have. He does all his shipping from Des Arc.

John Lovelace and family attended the college exercises last week; also, Mrs. Dunn from Sabula.

Rev. R. P. Kistler left last Thursday for Dallas, Texas, to take charge of a church as pastor. Prof. London went to Texas to be gone two months. He will be back in time for the Camp Meeting, the latter part of August.

Neeley Harviell, with his family, left last week for Mt. Arkansas, on a branch of the Iron Mountain road, 100 miles south of Little Rock. Mr. Harviell will have charge of a large saw mill and store. We are sorry to lose them. They are good people, and those are the kind we want to stay with us.

Our new telephone company takes charge June 2d.

Miss Norma McCormick of Patterson attended the commencement exercises at the College.

C. L. Stevenson and Mrs. Dr. Chas. Jones and family, of Brunot, have come to visit. W. J. Fitz and family for a week or so.

Judge Wm. Stevenson visited his mill last week.

I see that we are to have a new division superintendent on the railroad, Phil Carroll, who takes the place of Mr. Cannon, who goes to Sedalia, on the Missouri Pacific. We are sorry to lose Mr. Cannon; he was a very pleasant man to do business with.

The College Exercises last week were real good, especially the Primary Department. The children were trained for two weeks by Miss Edwards, a very talented schoolmistress, who came here for that purpose. Edna, the little daughter of Dr. Fred Farr, played at the piano for a chorus of little boys, Clyde Stevenson, Jimmie Pate and Earl Seals, to sing, which was fine. She and her brother, Carroll, also did their parts well in the dialogue, "Playing Doctor," the playing the part of "Nurse," and he as "Dr. Master Earle Stevenson being the patient. A solo by Mrs. Kistler, a piano duet by Misses Lena Stevenson and Leah Wallis and a trio by Misses Esther Myers, Lena Stevenson and Leah Wallis were all good. There was no graduate, Miss Ora Lovelace, who delivered a very interesting oration. She will prepare herself for a missionary.

Mrs. Pate from St. Louis is visiting her son, Wm. Pate, and family.

Mrs. John Howard and children are spending this week with relatives at Potosi.

Dr. Whitehead, accompanied a patient, Mr. Ed. Miller from Lodi, to the hospital in St. Louis last week.

Mrs. Will McGill from Hendrickson spent a few days here last week, the guest of her sister, Mrs. John Stevenson.

Woot Keathley came down from St. Louis to spend Sunday with his parents here.

Mrs. G. W. Collins of Ironton is visiting her sister, Mrs. Luther Daniels.

Mrs. Joe Walton and daughter, Clara, from Lockwood, Missouri, are visiting her mother, Mrs. Maddock.

Grover Hinkle and family spent Sunday here with Mrs. Hinkle's parents, John Kelly and wife.

Manuel Lovelace from Winona was a visitor here last week.

James Jamison and family have returned to Flat River.

C. S. Fitz spent Sunday with friends in De Soto.

ISAAC.

Fred Countz of St. Louis is visiting Mrs. Ann Logan this week.

Miss Daisy Burton of Piedmont came last Sunday to spend a few

Can You Bake Good Bread?

Whether you can or whether you can't makes mighty little difference when you bake with the celebrated Golden Sheaf Flour. For with Golden Sheaf, anybody can make good bread—every time.

The Perfect Flour for Baking

The reason is simply that Golden Sheaf is the finest flour you can buy. It's made of the choicest, highest grade wheat grown in the country. Made by millers who have been in the business for over half a century, and who know flours like a book. And they even go so far as to wash every last kernel of the wheat used for Golden Sheaf, simply because that washing insures a purer, more wholesome flour for your use. That's costly—so other millers don't do it. But then, no other miller makes a flour anywhere near as good as Golden Sheaf.

Just for your own satisfaction, let us deliver a trial sack of Golden Sheaf in time for "baking-day." See for yourself how much better bread is when made of Golden Sheaf. We know you'll say it's the finest flour you ever used. And if you don't, just say the word, and you'll get every penny of your money back. That's fair enough, isn't it?
